

The Elder Guide

A directory of services for the senior citizens
of Northwestern West Virginia

Northwestern Area Agency on Aging
December, 2004

“THE ELDER GUIDE”
A Directory of Services for the Senior Citizens
Of Northwestern West Virginia

This is the newly updated 2004 “Elder Guide.” This directory is a publication of the Northwestern Area Agency on Aging (NWAAA). It is a comprehensive directory of services and programs available to the senior population and their caregivers in the sixteen county area encompassed by the NWAAA.

The purpose of this directory is to provide information to senior citizens and their family caregivers regarding community resources and available services. This directory can also be useful to agencies in looking for additional services for their clients.

Agency names are listed alphabetical in the county in which they are located. Specific data on each agency includes the agency’s name, address, email and website address, and phone number as well as the hours of operation. A list of services is also provided with information regarding eligibility fees, the application process, as well as the geographical area served by the agency. You may also wish to do a computerized search for a particular county.

Every effort has been made to include all service agencies within each county in the region. If agencies are not included it may be due to the fact that they did not respond to our questionnaire. It is the Area Agency on Aging’s intention to provide annual updates to this publication. Notice of omission or organizational changes can be sent by **email to *lkennedy@belomar.org* or faxed to 304-242-2437 and marked Elder Guide.**

Inclusion in the Elder Guide does not imply endorsement and exclusion does not imply disapproval.

Original	August 1992
Updates	June, 1994 and 1996 April, 1999 December 2001 December 2004

NWAAA is funded in part by the West Virginia Bureau of Senior Services.

ACKNOWLEDGEMENTS

We would like to thank all of the organizations in Region One who responded to our questionnaire and provided the information contained in this directory.
