

**Annual Listing
of Highway and Transit Projects
With Federal Funding
for Fiscal Year 2021
Covering the Period of
July 1, 2020 through June 30, 2021**

**Bel-O-Mar Regional Council
September, 2021**

Pursuant to federal regulations, metropolitan planning organizations (MPOs) are required to report annually on federal obligations during the preceding program year. Specifically, 23 CFR 450.334 requires:

- (a) In metropolitan planning areas, on an annual basis, no later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation (facilities) for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were obligated in the preceding program year.

In Belomar's case, the Transportation Improvement Program (TIP) is prepared on a July 1 - June 30 program year.

This report includes the list of federally funded projects for FY2021 based on the information provided by the West Virginia Department of Transportation (WVDOT), the Ohio Department of Transportation (ODOT), and the Ohio Valley Regional Transportation Authority/Eastern Ohio Regional Transit Authority (OVRTA/EORTA).

Projects for which federal funds were obligated during this period may not have been completed or started as of June 30, 2021. However, federal action was taken for funding these projects. Additional maintenance projects completed using state funds are not included in this listing.

A public notice for the availability of this project list was placed in the local newspapers and on the agency website and Facebook page. The list was available on the agency website and in the office. The public notice is shown on page 6.

The following pages list the federally funded projects for FY2021. A description of abbreviations used is presented below:
